

NAME: Percy Jackson
AGE: 12 Years Old
HOMETOWN: New York City
PARENTS: Sally Jackson and Poseidon (Greek God of the Sea)

PERSONALITY:

- Dyslexic
- Diagnosed with ADHD
- Dyslexia and ADHD caused by his half-blood DNA.
- Dyslexia and ADHD made school difficult for Percy and he was forced to attend a new school every year as his demigod powers caused him trouble.
- Did not have an overly happy school life.
- At his final school, Percy enjoyed learning about Ancient Greek Gods and mythology from his teacher, Mr Brunner who works at Camp Half-Blood.
- Demigods attract monsters in the mortal world and so Percy must appear to act as a normal human.
- Percy also had an unhappy home life as he failed to get along with his step-father. His step-father was a way of Sally Jackson being able to protect Percy from dark forces.
